EDUCATION

Grinnell College

Grinnell, IA

Bachelor of Arts in Computer Science and English

May 2021

- GPA: 3.952
- Relevant Coursework: Functional Problem Solving, Imperative Problem Solving, Data Structures and Algorithms, Discrete Structures, Operating Systems, Automata

WORK EXPERIENCE

Treasurer

Grinnell, IA

Grinnell College Student Government Association

May 2019-Present

- Regulated and reconfigured a \$500,000 budget for fall 2019-spring 2020 allocations in order to reduce rollover and fully support student wellness, safety, and inclusion
- Redesigned funding request procedures—shifted from weekly budget submissions to a semesterly system, promoting thoughtful spending, improving institutional organization, and prioritizing quality over quantity of campus events
- Maneuver and mediate sensitive conversations with peers regarding finance

Assistant Treasurer

Grinnell, IA

Grinnell College Student Government Association

September 2018-May 2019

- Evaluated student government financial rules and regulations for efficiency and accountability and addressed flaws in current systems by designing new set of policies adopted by over 90 campus groups
- Orchestrated SGA Money Workshop attended by representatives of over 90 student groups to educate students on SGA policy and the proper use of funds
- Instituted an inventory system utilizing campus Web Checkout system to limit wasteful spending
- Managed and updated semesterly spreadsheets tracking expenditures made with SGA funds by all campus groups for purpose of record-keeping and potential audits

PERSONAL PROJECTS

-
- Founded the Grinnell College Coding House to foster a community of enthusiastic coders and to make coding accessible to all students through Hackathons, crash courses, and other events
 - Attended the PennApps hackathon and developed a prototype for a positivity-based social networking app

COMMUNITY SERVICE

Expungement Volunteer

Grinnell, IA

Iowa Legal Aid

January 2019-Present

- Research clients' criminal records and record details of cases in provided spreadsheet
- Write reports using research and conclusions to submit to ILA attorneys for their use in the expungement process, resulting in the expungement of hundreds of client records every month

SPECIALIZED SKILLS

Coding: C • Java • HTML • CSS • Scheme • Git • PHP
